[A Treatise on the Law of Sales of Personal Property](#) Springer

Nature

Includes the Proceedings of the Royal geographical society, formerly pub. separately.

[Expedition](#) National RV Trader

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

**Index, The Papers of the Continental Congress, 1774-1789: Leacraft, W.-Pyttis** Routledge

This comprehensive set includes thorough examinations of the Qurán in Wherry's essential four volume commentary. There is also an excellent overview of Islam by the well known scholar Edward Sell, The Faith of Islam which examines the history of Islam, the different forms of Islam and religious practice. This set will prove to be an excellent historical resource for anyone interested in western scholarship of Islamic doctrine, and the writings in the Qurán

[A Comprehensive Commentary on the Quran](#) McFarland

Indexes the Times and its supplements.

Chronicles Shackleton in Antarctica, where he and his crew were stranded for twenty months

**The Horse Review** Courier Corporation

In October 1888, the Welsh-American explorer Henry Stanley started his African expedition to rescue the colonial governor Emin Pasha, whose colony in Eastern Sudan was burning with a revolt. Stanley's expedition was tired, and in search of food, he sent a couple of his team members to the closest village. They came back with a couple of locals, which sight was different from other African tribes. That was one of the first encounters with pigmees, an ancient African known from Homer's Illiad. The

presented book is an accurate account of Stanley's travel into the depths of Africa and his discoveries.

**Kendall's Expositor** Alfred a Knopf Incorporated

In 1899, one of America's wealthiest men assembled an interdisciplinary team of experts--many of whom would become legendary in their fields--to join him, entirely at his expense, on a voyage to the largely unknown territory of Alaska. The Harriman Expedition remains unparalleled in its conception and execution. This book follows the team closely: where they went, what they did, and what they learned--including finding early evidence of glacial retreat, assessing the nature and future of Alaska's natural resources, making important scientific discoveries, and collecting an astonishing collection of specimens. A second thread involves the lives and accomplishments of the members of the party, weaving biographical strands into the narrative of the journey and the personal experiences they shared. This is the first comprehensive, scholarly treatment of the Harriman Alaska Expedition since the 1980s. It features the diaries, letters home, and post-Expedition writings, including unpublished autobiographies, generated by the members of the party.
