A man appears five thousand years before his time. The place is a region in the southwest of Great Britain. He is the one who will later be called Jesus of Nazareth, a Time

Traveler. Jesus and his antagonist, Lucifer, Good and Evil, have been fighting on Earth for thousands of years. They

have had many names: Mannawydan, Teutatis, Imhotep and Jufu. On the way they will build the mysterious monuments and symbols that we contemplate today: Stonehenge, the pyramids, Chichen Itza and Nazca. The goal is always the same: to communicate with the Creators who will exterminate Humanity in the year 2020.

[200 technical questions and answers for job interview Offshore Oil & Gas Rigs](#) Petrogav International In chapters one (Stonehenge) and two (First steps) our protagonists Mamen, Toni and Lucius, survive the arrival of bright lights that destroy all the buildings and kill people due to

apoplexy. There is no one alive on the island of Mallorca, except for the three of them. The day after the devastation Mamen and Toni separate from Lucius, who refuses to cross the Sóller tunnel. Due to a fire that devastates the Sierra de Tramuntana, all three die, but after a few hours they wake up again after bright lights descend on them. At this moment a frenetic adventure begins: that of the three immortals (plus a woman, the Time Traveler) who will meet some aliens who will

launch them on a journey through time and space. Lucius is the first to change temporal space and appear in the place in England where the megalithic complex of Stonehenge will be built. Mamen and Toni continue in Mallorca and head towards Sant Elm to reach the island of Dragonera and escape the decomposition of thousands of people. But at that moment a character enters the scene who will mark their lives and also the history of the entire Humanity.
