Teaching Peace Through Popular Culture Walter de Gruyter GmbH & Co KG

Peterson's CompetitiveEdge: A Guide to Graduate Business Programs 2013 is a user-friendly guide to hundreds of graduate business programs in the United States, Canada, and abroad. Readers will find easy-to-read narrative descriptions that focus on the essential information that defines each business school or program, with photos offering a look at the faces of students, faculty, and important campus locales. Quick Facts offer indispensable data on costs and financial aid information, application deadlines, valuable contact information, and more. Also includes enlightening articles on today's MBA degree, admissions and application advice, new business programs, and more.

Occupational outlook handbook, 2010-11 (Paperback)
Emerald Group Publishing

This empowering guide goes beyond observable techniques to offer a close look at the creative internal processes--both cognitive and psychological--that successful mediators and other conflict resolvers draw upon.

Zones of Peace EOLSS Publications

Critical Issues in Peace and Conflict Studies: Theory, Practice, and Pedagogy, edited by Thomas Matyók, Jessica Senehi, and Sean Byrne, discusses critical issues in the emerging field of Peace and Conflict Studies, and suggests a framework for the future development of the field and the education of its practitioners and academics. Contributors to the book are recognized scholars and practitioners in their respective fields. The authors take an holistic approach to the study, analysis, and resolution of conflict at the micro, meso, macro, and mega levels.

Escalation and Negotiation in International Conflicts SAGE

The most authoritative and comprehensive guide available to postgraduate grants and professional funding worldwide. For over twenty years The Grants Register has been the leading source

for up-to-date information on the availability of, and eligibility for, postgraduate and professional awards. With details of over 3,000 awards, The Grants Register is more extensive than any comparable publication. Each entry has been verified by the awarding bodies concerned ensuring that every piece of information is accurate. As an annual publication, each edition also provides the most current details available today. The Grants Register provides an ideal reference source for those who need accurate information on postgraduate funding: careers advisors, university libraries, student organisations, and public libraries.

Environmental Governance Reconsidered, second edition

Routledge

The most authoritative and comprehensive guide available on postgraduate grants and professional funding worldwide. Peace Versus Justice Springer

Despite the ubiquity of conflict, gaps remain in our knowledge of what influences its escalation and resolution. How collective

identity formation impacts social conflicts is taken up in this text, ranging from church and community disputes, to international trade disputes and wars.

An Introduction to Marriage and Family Therapy Springer

The editors have compiled insight and analysis from 20 experts in the theoretical and practice areas of family therapy. Topics covered include couples therapy, communication training, marital enrichment, premarital counselling, substance abuse, divorce, gender and culture, family violence and sexual dysfunctions.

The Grants Register 2000 A&C Black

'The SAGE Handbook of Conflict Resolution demonstrates the range of themes that constitute modern conflict resolution. It brings out its key issues, methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry. This handbook is exactly what it sets out to be: an indispensable tool for teaching, research and practice in conflict resolution' - Peter Wallensteen, Professor of Peace and Conflict Research, Uppsala University and University of Notre Dame
'Bercovitch, Kremenyuk and Zartman are among the most important figures in the conflict resolution field. They have pieced together, with the help of more than 35 colleagues from numerous countries, a state-of-the-art review of the sources of international conflict, available methods of conflict management, and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict-ridden times. The collection is brimming with penetrating insights, trenchant analyses, compelling cases, and disciplined speculation. They help us understand both the promise of as well as the obstacles to theory-building in the new field of conflict

resolution' - Lawrence Susskind, Professor and Director of the MIT - Harvard Public Disputes Program 'The last three sentences of this persuasive book: "We conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment. It is absolutely necessary. Resolving conflicts and making peace is no longer an option; it is an intellectual and practical skill that we must all possess." If you are part of that "we," intellectually or professionally, you will find this book a superb companion' - Thomas C Schelling, Professor Emeritus, Harvard University and University of Maryland Conflict resolution is one of the fastest-growing academic fields in the world today. Although it is a relatively young discipline, having emerged as a specialized field in the 1950's, it has rapidly grown into a self-contained, vibrant, interdisciplinary field. The SAGE Handbook of Conflict Resolution brings together all the conceptual, methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters. The Handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields presenting, in a systematic way, the most recent research and practice. Jacob Bercovitch is Professor of International Relations, and Fellow of the Royal Society, at the University of Canterbury in Christchurch, New Zealand. Victor Kremenyuk is deputy director of the Institute for USA and Canada Studies, Russian Academy of Sciences, Moscow. He is also a research associate at IIASA. I. William Zartman is Jacob Blaustein Professor of Conflict Resolution and International Organization at the Nitze School of Advanced International Studies of Johns Hopkins University

Louis Kriesberg: Pioneer in Peace and Constructive Conflict Resolution Studies UM Libraries

The twelve essays collected here offer a wide-ranging look at the latest theory and research in conflict management. Organized around six broad topical areas, the volume explores organizational conflict, communication and conflict, negotiation and bargaining, mediation and arbitration, conflict in the public sector, and international conflict. Interdisciplinary in scope, the essays are designed to help human resources professionals, industrial psychologists, managers, and students of organizational behavior learn to manage conflict by identifying ways to maximize its positive effects while minimizing its negative and potentially disruptive influences. Each of the six sections includes two chapters and an introduction by one of the leaders in the conflict management field. Among the topics addressed are the goal interdependence approach to communication in conflict, applied communications research in negotiation, comparing hardline and softline bargaining strategies, consistency in employee rights, the effect of payoff matrix induced competition, and mediation in the People's Republic of China. The final two sections examine conflict in the public sector and international conflict, with individual chapters on managing conflict in the policy process, the theoretical dimensions of environmental mediation, relationships of hierarchy, and deterrence and the management of international conflict. Taken together, these essays provide a comprehensive overview of the current state of theoretical and applied work in conflict management.

Success as a Mediator For Dummies University of Georgia Press

Built on the premise that trust is one of the most important factors in intergroup relations, conflict management and resolution at large, this volume explores trust and its mechanisms and operations especially in the Israeli-Palestinian conflict. Significantly, this volume focuses not only on the nature of trust and distrust in the Israeli-Palestinian conflict, but it also explores how it is possible to build and increase trust on both sides in the conflict, a necessity in order to advance the stalled peace process. As trust is a concept that is interdisciplinary by nature, so are this volume's contributors: sociologists, philosophers, sociologists, social psychologists, political scientists, as well as experts in the Middle East, Islam, Judaism and the Israeli-Palestinian conflict bring together real multidisciplinary perspectives that complement each other and then provide a comprehensive picture about the nature of trust and distrust and its ramification and implications for the Israeli-Palestinian conflict. Divided into five thematic parts, the volume begins with by examining the theoretical basis of trust research from multiple perspectives. Then, it presents chapters on trust, distrust, and trust-building in other conflicts around the world. The third part is a unique feature of this volume as it takes a contextual approach: it emphasizes the importance of particular cultural and religious considerations on both sides of the conflict. The thrust of the book is examined in the next section. Part IV discusses and analyses various aspects of trust, and specifically distrust, in the context of the Israeli-Palestinian conflict. Significantly, the chapters of this part take the perspectives of the participants in the conflict: Israeli Jews, Palestinians and Israeli Arabs. Finally, the volume concludes by providing an

integrative conceptual perspective based on the principles of social and political psychology. An important goal of this volume is to not only explore trust and distrust in an intractable conflict, but also to provide practical multi-disciplinary outlooks and implications to advance trust building in two conflict ridden societies—Israeli and Palestinian, and other societies around the world.

The Role of Trust in Conflict Resolution Kumarian Press

This updated and expanded edition of the highly popular volume originally published in 1997 describes the tools and skills of peacemaking that are currently available and critically assesses their usefulness and limitations.

Handbook of Conflict Analysis and Resolution Psychology Press

Offering unique coverage of an emerging, interdisciplinary area, this comprehensive handbook examines the theoretical underpinnings and emergent conceptions of intercultural mediation in related fields of study. Authored by global experts in fields from intercultural communication and conflict resolution to translation studies, literature, political science, and foreign language teaching, chapters trace the history, development, and present state of approaches to intercultural mediation. The sections in this volume show how the concept of intercultural mediation has been constructed among different fields and shaped by its specific applications in an open cycle of influence. The book parses different philosophical conceptions as well as pragmatic approaches, providing ample grounding in the key perspectives on this growing field of discourse. The Routledge Handbook of Intercultural Mediation is a valuable reference for

graduate and postgraduate students studying mediation, conflict resolution, intercultural communication, translation, and psychology, as well as for practitioners and researchers in those fields and beyond.

Pushing the Boundaries IAP

The Handbook of Conflict Resolution, Second Edition is written for both the seasoned professional and the student who wants to deepen their understanding of the processes involved in conflicts and their knowledge of how to manage them constructively. It provides the theoretical underpinnings that throw light on the fundamental social psychological processes involved in understanding and managing conflicts at all levels—interpersonal, intergroup, organizational, and international. The Handbook covers a broad range of topics including information on cooperation and competition, justice, trust development and repair, resolving intractable conflict, and working with culture and conflict. Comprehensive in scope, this new edition includes chapters that deal with language, emotion, gender, and personal implicit theories as they relate to conflict. *De Gruyter Handbook of Organizational Conflict Management* Lexington Books

Authored by scholars from a variety of disciplines, including English, Theology, Philosophy, Communications, Sociology, Humanities and Peace Studies, this edited volume provides detailed descriptions of the many ways popular culture can be used to teach peace. Chapters discuss documentary and feature film, music, television, literature and more, providing both educators and the general public with a timely and useful tool. From popular dystopian novels like *The Hunger Games* to feature

films like *The Matrix* to modern rap and hip-hop music, contributors not only provide critical analysis of the violence in popular culture but also an assessment of how the same or alternate forms can be used by peace educators. Additionally, each chapter project synopses and teaching ideas, as well as recommended resources.

Theory and Research in Conflict Management IAP

This volume examines the point where the concepts and practices of escalation and negotiation meet.

The Mediation Process Springer

Everything you need to enter the exciting field of legal mediation To be an effective mediator, it's essential to possess the ability to take control of animated situations, offer advice, and facilitate discussion—all the while remaining neutral without formulating biased judgment. *Success as a Mediator For Dummies* helps you acquire these attributes and much more. background in law or an interest in legal careers, *Success as a Mediator For Dummies* gives you everything you need to enter the exciting field of legal mediation.

The Handbook of Conflict Resolution Rowman & Littlefield Anthropological Contributions to Conflict Resolution consists of ten essays that make vividly apparent the variety of ways that anthropological approaches and perspectives can be of practical worth in the resolution of conflicts. The essays represent various subdisciplines in anthropology, including legal and political anthropology, economic anthropology, cross-cultural studies, interpretive approaches, and social network approaches. Conflicts and potential conflicts at many levels are the subjects of the essays. One contributor uses an ethnographic account of Sikh separatists in Punjab, India, to explore fighting resulting from the intertwining of religion and politics. Another essay discusses the role that anthropology played in conceptualizing the legal reforms on an island in the remote western Pacific in relation to the recent emergence of alternative dispute resolution. Conflicts over the commons in an American suburb are examined, as are harmony ideology and adversarial ideology as they are used for both freedom and control at a manufacturing plant. The introductory essay includes a discussion of network models in regard to conflict resolution, and the epilogue cites an agenda for applied research in the area.

Peacemaking in International Conflict John Wiley & Sons

On the occasion of his 90th birthday Louis Kriesberg provides an informative account of his career, tracing the trajectory of his discoveries, contributions, and stumbles as he sought to help the advance toward a more sustainable and just peace in the world.

His work contributes to ideas and practices in several areas of conflict studies, notably intractable conflicts and their transformation, reconciliation, conflict analysis, and waging conflicts constructively. Although neither an autobiography nor a memoir, he embeds the course of his work in the context of historical events and in the evolving fields of peace studies and conflict resolution. In addition, he discusses the interaction of those fields with major conflicts. The book includes seven previously-published exemplary pieces on these and other topics, a comprehensive list of his publications, and several photos. A discussion of Kriesberg's work and its significance is provided by George A. Lopez, Professor of Peace Studies, University of Notre Dame.

The Dynamics of Conflict Resolution John Wiley & Sons

The Fourth Edition of a seminal work in the field of mediation and conflict resolution For almost thirty years, conflict resolution practitioners, faculty, and students have depended on *The Mediation Process* as the all-inclusive guide to the discipline. This is the expert's guide, and the Fourth Edition has been expanded and revised to keep pace with developments in the field. It includes new resources that will promote excellence in mediation and help disputants reach durable agreements and enhance their working relationships. Includes expanded information on the latest approaches for providing mediation assistance Features comprehensive guidelines for

selecting the right strategy for both common and unique problems Utilizes updated, contemporary case studies of all types of disputes Offers expanded coverage of the growing field and practice of intercultural and international mediation

Alternative Dispute Resolution John Wiley & Sons

Conflicts happen, and the workplace can be a cacophony for competing interests. Consider that organizational culture is an ensemble of shared values, beliefs, assumptions, perceptions, and norms. Organizations are not solos. They are an accompaniment of individuals, departments, and divisions, and each is competing for scarce resources. Measure in a little power imbalance and organizational political posturing. Then, scale in the fact that today's managers are faced with diversity and cultural issues ranging from race and gender to individual ethnicity, principles, and philosophies, about which employees are more vocal. All this discord can strike a sharp note of

dissonance. However, effective resolutions can change this discord to harmony. Consider that music is not a single note. Rather, it is the silence between the notes that makes beautiful music, and conflict is that silence. Unfortunately, conflict has a bad reputation, and it is often labeled as disagreement, fighting, or arguing that leads to stress, retaliation, and resentment. Some managers spend a disproportionate amount of their workdays dealing with conflicts. They have not learned what causes conflicts or how to productively manage them. As a result, they often avoid or force outcomes causing discord, fractured relationships, loss of productivity, and even lawsuits. Learning to fine tune inevitable conflicts will help managers orchestrate a more harmonious workplace. From Discord to Harmony: Making the Workplace Hum is largely evidence-based, and many of the chapters contain cutting-edge research by experts in their respective fields.
