Children are naturally inquisitive and eager to explore and learn about the world around them. It is
 important for their guardians, both Parents and Teachers, to satisfy their queries, and that too, in
 such a way that the children are able to understand and comprehend the concepts as well as learn
 from them. Also, there exists a gap in the level of information and knowledge provided to the
 children by the Parents vs. that provided by their Teachers. Discrepancies might also exist in the
 methodology(ies) through which the information and knowledge is relayed. This increases the
 possibility that the children might either not understand the concept clearly or become confused
 about the correct interpretation of the concepts. With these objectives in mind, and to build
 connectivity between the teaching methodologies by Parents and Teachers, we at Oswaal Books,
 have come up with this Manual for Teachers and Parents. Some benefits of using this manual are: •
 It aims to aid the Teachers and Parents in simplifying the concepts studied by children as a part of
 their curriculum • It equips the parents and teachers to enable the children to understand the
 subjects, and also evaluate their measure of understanding and creativity. • It includes Learning and
 Understanding Aids along with a Lesson Plan for each Chapter • It demonstrates Effective Teaching
 Techniques • It also gives various Propositions for Step-wise Learning and Building up of Concepts
 IMPORTANT FEATURES OF THE BOOK: Strictly based on latest NCERT Textbook The manual is based
 on the latest NCERT Textbook 6 Exploratory Learning objectives These provide explicit instructions
 to parents and teachers to teach their wards Effective Teaching Techniques The manual has tried
 and tested teaching techniques for higher success rate WHAT THIS BOOK HAS FOR YOU: Lesson Plan
 for each Chapter This provides clarity and direction to the users Tabulated and Categorised
 information This helps in creating and effectively executing the lesson plan 5Es of Learning This
